7. Citizenship: _____

8. Permanent address:

9. Emergency contact

- a. #1 (name, address, phone, email, relationship to you):

¹ The travel registry is the official and authoritative source of traveler information that forms the basis for the emergency response protocols and communications strategy (e.g., advisories, alerts, emergency messages, evacuation notices) when responding to an emergency or critical incident abroad.

b. #1 (name, address, phone, email, relationship to you):

II. Health information

1. Have you confirmed you have adequate health insurance to go abroad?²

◇ Yes _____

◇ No _____

(see the footnote)

2. Are you taking any medications that your trip director or host institution adviser should be aware of?

3. Are you allergic to anything?

4. Are you going to get vaccinated before you travel?³

◇ Covid 19

◇ Other, recommended by CDC:

III. Please briefly explain why have you chosen this program and what challenges do you think you may face?

² Participants are expected to have adequate health insurance that provides coverage for health care costs incurred overseas and that provides: (1) medical evacuation, (2) security evacuation, (3) repatriation of remains, and (4) emergency assistance for the duration of their international travel. Check with the international office if your program provider offers adequate insurance. If your answer is “yes” please indicate the name of the insurance company or external program provider you will be travelling under for the duration of your travel overseas.

³ For more info, ask your trip director, UVA Wise international office, or check the www.cdc.gov website.
