INTRODUCTION

As a requirement of the Federal Drug-Free Schools and Communities Act Regulations [EDGAR Part 86], The University of Virginia’s College at Wise (UVa-Wise) will disseminate the below policy/information to all students and employees on a semiannual basis. This process is formally conducted by disseminating an email to the entire campus community after the “add” date for classes. The disseminating of a notification email occurs in both January and in September. Questions concerning this policy and/or alcohol and other drug programs, interventions and policies may be directed to Jewell Worley in the Office of Compliance & Conduct at 276-376-3451 or jewell.worley@uvawise.edu.

POLICIES & EXPECTATIONS

ALCOHOL POLICY

The College hopes the Alcohol Policy will encourage students to make responsible decisions about the use of alcoholic beverages. The policy is intended to promote safe, legal and healthy decisions related to alcohol and social interaction. We recognize that our students are responsible adults and believe that students should behave in a manner that is not disruptive or endangering to themselves or others and is in compliance with state and local laws regarding the possession, consumption, sale, and delivery of alcohol.

UVa-Wise does not encourage the use of alcoholic beverages and does not condone the illegal or otherwise irresponsible use of alcohol. In accordance with State and Federal law, the College prohibits the unlawful possession, sale, use or distribution of alcohol on College property or at College-sponsored functions. UVa-Wise Campus Police has primary responsibility for the enforcement of State underage drinking laws.

All members of the College community are expected to know and act in accordance with Virginia State laws concerning the purchase, possession, consumption, sales and storage of alcoholic beverages. In this connection, members of the College community are reminded of the following:

1. Any sale of an alcoholic beverage requires an ABC license.
2. Alcoholic beverages are not to be given or sold to persons who are under the legal drinking age, which is 21 years of age.
3. Alcoholic beverages are not to be given or sold to persons who are intoxicated.
4. State law prohibits drinking in unlicensed public places; possession of an alcoholic beverage by a person under the legal drinking age; falsely representing one's age for the purpose of procuring alcohol; and purchasing an alcoholic beverage for a person who is under the legal drinking age. Violations of state
alcohol laws are criminal misdemeanors punishable by fines of up to $2,500, imprisonment for up to 12 months, and suspension of driver's license.

5. All persons on College property consuming or possessing alcohol must carry a valid driver’s license or state identification card, military identification card, or passport. In addition, students must carry their CAVS ID Card at all times.

6. Being under the influence of any amount of alcohol while underage is considered a violation of the alcohol policy.

7. Unsafe or irresponsible behavior is defined as actions that are harmful or potentially harmful to one’s self or others involving the use of alcohol. Unsafe behavior includes, but is not limited to, consuming through beer bongs, participating in or facilitating drinking games or progressive parties, taking shots of liquor, or consuming an excessive quantity in a short amount of time. Irresponsible behavior includes, but is not limited to, the use or attempted use of fraudulent identification in order to obtain alcohol or making alcohol available to underage drinkers.

8. It shall be a violation of the alcohol policy to engage in an action while under the influence of alcohol that is disruptive to the community. Such behavior includes, but is not limited to, vomiting in public, public urination, fighting, exhibiting disorderly conduct, damaging property, throwing bottles, blocking or lying across or otherwise preventing or interfering with access to or passage across an entryway or thoroughfare, or cursing or shouting at others.

9. In the residence halls, alcohol is only allowed in the rooms of legal age residents in facilities that have not been designated alcohol-free. It is the responsibility of those residents who are of age to ensure that underage drinking does not occur in their room or apartment.

10. The use of alcoholic beverages as a prize in a contest, drawing, lottery, etc., is prohibited.

11. The use of alcoholic beverages in games (e.g., quarters, drink-offs, “beer pong,” etc.) is prohibited.

12. Only university-approved bartenders are permitted to distribute alcohol on campus, including alcohol from common-source containers.

13. Except at events in a licensed facility providing a cash bar, no spirituous liquor or fortified wines may be served to undergraduates.

14. Alcohol may not be brought in glass containers to BYOB events that require registration by submission of an Event Planning Form.

15. The College recognizes the value of group-sponsored social events. Groups are permitted to hold open or closed (by invitation only or through the use of guest lists) social events. Groups or individual group members may be held accountable for underage possession, unsafe or irresponsible behavior and/or violations of the risk management policy that occur during a group-sponsored event.

16. All club or organization events without alcohol require completion of the General Events Planning Form, and those events with alcohol require completion of the Alcohol Event Planning Form. The appropriate form must be submitted to the Office of Student Leadership and Greek Life at least seven (7) days prior to the event. The event cannot move forward or be held until approval is granted. See the appropriate planning form for specifics.

Any member of the College community who violates state alcohol control laws is subject to prosecution.

UVa-Wise assumes no responsibility for any liability incurred at any event not sponsored by the College where alcohol is served and/or sold. Students and recognized student organizations are always expected to conduct themselves in accordance with the laws of the Commonwealth of Virginia and to assume full responsibility for their activities and events. See Student Conduct Sanctions in the Student Code of Conduct.
Areas of Emphasis

1. The Chancellor and his/her designee approve all public areas on the campus of The University of Virginia's College at Wise where alcoholic beverages may be provided.
2. College funds may not be used for the illegal purchase of alcoholic beverages.
3. Alcoholic beverages purchased with College funds may be used only in compliance with State law.
4. Alcoholic beverages should not be served at any function or event sponsored by the College or held on College-owned or leased property without the permission of the Chancellor or his/her designee. Requests for permission must be made in advance to the Chancellor or his/her designee.
5. Non-alcoholic beverages and food items should be present at the College-sponsored events where alcoholic beverages are served.
6. Alcoholic beverages should not be mentioned in the advertising or publicizing of a College-sponsored event.
7. Organizations serving alcohol at College-sponsored events should not permit the entry or exit of persons with beverage containers.
8. Organizations must check for proper age identification of individuals attending events when alcohol is served. Organizations must submit an Alcohol Event Planning Form for approval at least seven (7) days before an event. The event cannot move forward or be held until approval is granted. See the appropriate planning form for specifics.
9. A student may not let another person use his/her student ID for the purpose of obtaining an alcoholic beverage.
10. Dining Services is the only organization eligible to obtain an ABC license for the purpose of selling alcoholic beverages on campus.
11. Any organization, as well as its leadership, sponsoring an event at the College will be responsible for following all State laws relative to the serving and/or selling of alcoholic beverages.
12. Members of the College community living on property owned or leased by the College, and their invited guests, who are lawfully permitted to purchase, possess and consume alcohol, may do so in the residence or on any immediately adjacent area devoted to residential use. They should not do so, however, in public places or in any area owned by the College which is devoted to common use. Public areas include, but are not limited to, hallways, lounges, patios or parking lots. The presence of underage family members, employees or guests does not preclude the serving of alcohol in College-owned or leased housing provided an appropriate age family member and/or host is willing to assume the legal responsibility for insuring compliance with state law.
13. The possession of kegs, pony kegs, beer bongs, or any common source container is prohibited in College-owned residence facilities or at College organization events.
14. Possession of alcohol is prohibited in residence facilities where none of the permanent residents are of legal drinking age.
15. Intoxication is strictly prohibited.

DRUG POLICY
Unauthorized manufacture, sale, distribution and possession of "controlled substances" (illegal drugs), including marijuana, cocaine and LSD, and including prescription drugs, are prohibited by both State and Federal laws and are punishable by severe penalties. The College does not tolerate or condone such conduct. Students who violate State or Federal drug laws may be referred by College authorities for criminal prosecution and, if convicted, may be subject to the penalties described herein. UVa-Wise Campus Police has primary responsibility for the enforcement of State and Federal drug laws.

The abuse of alcohol and other drugs by students, regardless of age and of location (on-campus or off-campus), is prohibited by the Student Code of Conduct. The College can, and will, impose disciplinary sanctions for
violations. The Faculty Handbook and the Classified & University Staff Employee Handbook address violations for College employees.

The College strongly encourages students and employees to voluntarily obtain assistance for dependency or abuse problems before such behavior results in an arrest and/or disciplinary referral which may result in separation from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Code of Conduct or employee expectations, and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

**DRUG-FREE WORKPLACE POLICY**
The use of alcohol by employees while on The University of Virginia's College at Wise owned or controlled property, including meal periods and breaks, is absolutely prohibited except when authorized by the College for approved College functions. No employee will report to work while under the influence of alcohol or illegal drugs. Violations of these rules by an employee will be reason for evaluation/treatment for a substance use disorder or for disciplinary action up to and including removal. This policy applies to all employees (full-time, part-time, students. etc.).

**INTERCOLLEGIATE ATHLETICS DRUG/ALCOHOL POLICY**
The Intercollegiate Athletics Department of UVa-Wise has additional written policies which are presented to each student-athlete annually prior to participation. These policies encompass mandatory drug testing, sanctions as a result of positive tests, programs of education relative to drug and alcohol use and abuse, and counseling.

**SANCTIONS & PENALTIES**

**STUDENT SANCTIONS - ALCOHOL AND DRUGS**

**Alcohol**
Whether or not criminal charges are brought, all students are subject to College discipline for any violation of state alcohol laws that occurs (i) on College-owned or leased property, or (ii) at College-sponsored or supervised functions, or (iii) under other circumstances involving a direct and substantial connection to the College. Any student found to have engaged in such conduct is subject to the entire range of sanctions, including suspension and expulsion.

Students who are charged through the Student Conduct System for alcohol violations and found responsible will be issued sanctions using the following minimum guidelines:

- **First Offense** - A $100 fine, 15 hours of mandatory community restitution, and probation for one year.  
  *Note* — the $100 fine may either be paid at the Cashier’s Office or campus working arrangements may be made with the Clery Compliance & Student Conduct Administrator to satisfy the fine.

- **Second Offense** - Minimum $150 fine, 30 hours of mandatory community restitution, and probation for one year. Students may additionally be required to complete a community-based alcohol or counseling program, with suspension until written notification of successful completion of the community-based program is received by the Clery Compliance & Student Conduct Administrator.  
  *Note* — the $150 fine
may either be paid at the Cashier’s Office or campus working arrangements may be made with the Clery Compliance & Student Conduct Administrator to satisfy the fine.

- **Third Offense** – Suspension or Expulsion

  NOTE: Discretion may be used in applying sanctions in cases where violation is of such a nature to warrant additional or more severe actions.

**Drugs**

Whether or not a criminal charge is brought, a student is also subject to College discipline for illegally manufacturing, distributing, possessing or using any controlled substance (i) on College-owned or leased property or (ii) at College-sponsored or supervised functions or (iii) under other circumstances involving a direct and substantial connection to the College. Any student found to have engaged in such conduct is subject to an entire range of sanctions, including suspension or expulsion.

Students who are charged through the Student Conduct System for drug violations and found responsible will be issued sanctions using the following minimum guidelines:

- **First Offense** - A $150 fine, 24 hours of mandatory community restitution, and probation for one year.  
  *Note — the $150 fine may either be paid at the Cashier’s Office or campus working arrangements may be made with the Clery Compliance & Student Administrator to satisfy the fine.*

- **Second Offense** - Suspension or Expulsion

**EMPLOYEE SANCTIONS - ALCOHOL AND DRUGS**

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by employees on College property, or while conducting business on behalf of the College off campus, is absolutely prohibited. Violations of this prohibition by employees may result in the application of sanctions, including possible required participation in an approved drug abuse assistance or rehabilitation program, and disciplinary action up to and including termination of employment under applicable State and/or College regulations, University policies, statues, employment contracts. The severity of disciplinary action for violations of this policy shall be determined on a case-by-case basis.

**FEDERAL AND COMMONWEALTH OF VIRGINIA PENALTIES — ALCOHOL**

Federal and Virginia law penalize the unlawful possession, sale, use or distribution of alcohol. Penalties vary based on many factors including specific charges (i.e. whether charges are felonies or misdemeanors). Misdemeanor penalties may include confinement in jail for up to twelve months and/or fines up to $2,500. Felony penalties may include a term of imprisonment from one to five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than $2,500, either or both.

**FEDERAL AND COMMONWEALTH OF VIRGINIA PENALTIES — DRUGS**

Federal and Virginia law penalizes the unlawful manufacturing, distribution, use, and possession of controlled substances, including prescription drugs. Synthetic designer drugs such as “bath salts,” “plant food,” and “carpet cleaner,” contain mixtures of many different chemicals, including those that resemble cocaine, methamphetamine, and MDMA or “ecstasy.” Federal law makes the distribution of “analogue” substances marketed for human consumption illegal if those substances are chemically similar to a scheduled illegal drug and have the same pharmacological effect on a user.
The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to $10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport or conceal a controlled substance, and the denial of professional licenses or federal benefits, such as student loans. The punishment for the possession and/or distribution of a controlled substance analogue is up to twenty years in prison and a fine of up to $1 million. Convictions under Virginia law may be misdemeanor or felony crimes with sanctions ranging from probation to life imprisonment and/or fines of up to $1 million. Virginia law specifically prohibits the sale, gift, distribution, and possession of synthetic cannabinoids, which carry penalties as a Class 6 felony.

Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. A similar Virginia law carries sanctions of between one and five years imprisonment and up to a $100,000 fine for similar violations.

HEALTH RISKS

The negative physical and mental effects of the use of alcohol and other drugs are well-documented. Use of these drugs may cause: blackouts, poisoning and overdose; physical and psychological dependence; damage to vital organs such as the brain, heart and liver; inability to learn and remember information; and psychological problems including depression, psychosis and severe anxiety. Risks associated with specific drugs are described later in this section. Impaired judgment and coordination resulting from the use of drugs associated with acquaintance assault and rape: DUI/DWI arrests; hazing; falls, drowning and other injuries; contracting sexually-transmitted diseases including AIDS; and unwanted or unplanned sexual experiences and pregnancy.

The substance abuse of family members and friends may also be of concern to students and employees. Patterns of risk-taking behavior and dependency not only interfere in the lives of the abuser, but can also have a negative impact on the affected students' academic work, emotional well-being and adjustment to college life.

The substance abuse of family members and friends may also be of concern to students and employees. Patterns of risk-taking behavior and dependency not only interfere in the lives of the abuser, but can also have a negative impact on the affected students' academic work, emotional well-being and adjustment to college life.

This chart outlines the health risks associated with commonly abused substances:

**PROGRAMS & RESOURCES**

Assistance is available both on-campus and off-campus for students and employees who are dependent on, or who abuse alcohol or other drugs.

Licensed Professional Counselors in the College’s Center for Student Development are available for treatment considerations (students only) and referrals for outside resources (students and employees). UVa-Wise LPCs may be contacted at 276-376-1005 or by visiting the Center for Student Development located on the ground floor of Cantrell Hall.

College employees have access to resources through the Faculty and Employee Assistance Program (FEAP) at (434) 243-2643.
Following are additional resources for substance abuse and dependency available to student and employees, unless noted otherwise:

PREVENTION & EDUCATION

The UVa-Wise Office of Compliance and Conduct (OCC) coordinates and/or implement individual, group and community initiatives designed to educate the campus community on dangers of irresponsible alcohol use and illegal substances, and to prevent and reduce alcohol and other drug use/abuse. OCC is located on the upper-level of Cantrell Hall, online at www.uvawise.edu/DFSCA, via phone at 276-376-3451, and professional staff contact information is:

- Jewell Worley, Associate Vice Chancellor for Compliance & Conduct (jewell.worley@uvawise.edu)
- Stephanie Shell, Clery Compliance & Student Conduct Administrator (stephanie.shell@uvawise.edu)
- Tabitha Smith, Title IX Coordinator & Director of Compliance Programming (tabitha.smith@uvawise.edu)

Some of the offered programs include but are not limited to:

<table>
<thead>
<tr>
<th>Program</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SAFER</td>
<td>A new student organization initiated in fall 2016 to provide input for the scheduling of events, programs and activities that pertain to education on gender, equality, sexual violence, alcohol and drug and the overall safety of the UVa-Wise campus community.</td>
</tr>
<tr>
<td>Cavs Before One More (CBOM) campaign 2016-2017</td>
<td>A new campaign initiated in fall 2016 focused on alcohol and/or drug education and awareness. In conjunction with a grant through the Virginia ABC’s Education &amp; Prevention Section.</td>
</tr>
<tr>
<td>CBOM: Education Workshops</td>
<td>Fall and spring education series with campus and local/regional facilitators that are open to the campus community and may also be used by the Student Conduct sanctioning process for alcohol and/or drug violations.</td>
</tr>
<tr>
<td>Gordie Day Events</td>
<td>Gordie Day events in fall and spring semesters with information from the Gordie Center for Substance Abuse Prevention, a resource center located at UVa and accessible to UVa-Wise for programming materials; education information shared includes alcoholic content of common drinks, standard drink sizes, binge drinking and safer drinking tips.</td>
</tr>
<tr>
<td>CBOM: Safe Homecoming</td>
<td>A variety of events educating the campus community on the dangers of alcohol use, binge drinking, drinking and driving, alcohol addiction, and other related topics through daily email quick facts, consent PSA release, game announcements, and a community resource collaborative hands-on program with give-a-ways.</td>
</tr>
<tr>
<td>CBOM: Safe Halloween</td>
<td>Promoting a safe Halloween with educational information, stalking PSA release, displays and encouraging participants to sign pledges promoting the role of an active bystander</td>
</tr>
<tr>
<td>Red Flag Campaign</td>
<td>A bystander intervention strategy to address and prevent sexual assault, dating violence, and stalking on college campuses; 2016 events will include daily email quick facts, dating violence PSA release, blue light walk, consent education, game announcements, campus-wide community speaker featuring correlation of sexual assault and alcohol/drug use.</td>
</tr>
<tr>
<td>CBOM: Safe Spring Break</td>
<td>A variety of events educating the campus community on the health and safety issues that may arise for college students during spring break, such as alcohol abuse and impaired driving, road trip safety, decisions about sexual activity, and health and sun exposure through email quick facts, BACCHUS Network Safe Spring Break Toolkit/Fatal Vision Goggles/SUM-IT-CUP® Complete activities, and a community resource collaborative hands-on program with give-a-ways.</td>
</tr>
</tbody>
